but never without fair warning. By an occasional fluttering, a perceptible palpitation, shortness of breath, etc., in many ways the victim fully notified. But his friends are ignorant, and the warning is disregarded, until loving associates are shocked and dazed by another sudden death.

"My wife suffered years with heart trouble which the doctors called incurable valvular contraction of the heart. She took 3 bottles of Dr. Miles' Heart Cure six months ago, and has not suffered since. She sleeps well, and is like a new person altogether, and says Dr. Miles' Remedies are gold to her."—F. B. ## AROUND THE WIDE WORLD

JOSEPH M. HILL, NOW IN HONOLULU, MAKING THE TRIP.

Start Made at Syracuse, New York—Eighteen Months' Time Will Be Put In—Will Leave for Australia.

Joseph M. Hill recently arrived in Honolulu and after a brief visit will sail for Australia. Mr. Hill is traveling around the world and intends to put in about eighteen months' time in doing so. He expects to cover 35,000 miles during his trip. The Syracuse Standard, in speaking of Mr. Hill's enterprise, said:

"Joe Hill is going around the world. That worthy will leave shortly for San Francisco and spend some time doing business on the Pacific coast. From this spot he will embark for Honolulu where that ever thrilling volcano Kilauea continues to emit its shower of fire and lava. The Sandwich Islands will be painted a livid hue and thence Mr. Hill will travel over the bounding billows to far off Australia, where cycling is now the sport of the people and where 40,000 persons turn out to witness an afternoon's racing.

"Well, maybe Joe won't be dead in it. He will shake the hand of the venerable Li Hung and eat birds' nests out of the same bowl and with the same chop sticks. He will be the guest of honor. Li Hung Chang rides a red wheel and Li Hung will reciprocate in the most gracious manner for the elegant present he received during his late visit in America. It will be a great thing for the Syracusean to be introduced at the court of China.

"India is taking to the wheel, though none but English makes have as yet been introduced there. Mr. Hill will make an effort to show the natives a thing or two about an up-to-date American product in the wheel line. After leaving India he will travel to South Africa and lay before the good people of that distant land a sample of his American pluck and enterprise. They ride wheels in South Africa and many of them. Then will come the trip North. After such a hazardous journey the American will be glad to strike a civilized country and doubtless will spend several montes in Europe, traveling through every country and making his presence felt."

The building papers are 1, 2, 3, and 4 ply. They come in rolls, each roll containing 1000 square feet. They are water proof, acid and alkali proof and vermin proof. HONOLULU, July 29th, 1895.  
MESSRS. W. G. IRWIN & Co., LTD.

GENTLEMEN:—In reply to your inquiry as to how the Ideal Roof Paint you sold me lasted; I would say that I painted the roof of my house 12 months ago with your Red Ideal Roof Paint, and I find it is as fresh and bright in appearance today as when first applied; looking as well as others lately painted with other paints. I am more than satisfied.

J. G. ROTHWELL.

Have you a leaky gutter? If you have, make it perfectly clean and dry, apply a good coat of No. 3 P. & B. Paint over the leaky spots; then take a piece of stout Manila paper, or a piece of common cotton cloth, paint it well on both sides; lay it over the first coat, giving the whole a final coat, and there will be no more leak there. Or if the whole gutter is bad, make it clean and dry, and apply a paste of P. & B. Paint and Portland Cement.
